

Early Arrivals

It can be nice to arrive a day or more earlier into Fiji so you can acclimatise and relax by the pool before the project gets underway. We often have many (if not all) of the team choose to arrive early.

In this case, we recommend booking Smugglers Cove Resort to stay before the start of your project:

www.smugglersbeachfiji.com

If you book in advance, Smugglers Cove will arrange a free transfer from the airport. Our Expedition Leaders stay at Smugglers Cove on the evening before each expedition and they will meet you here between 6-8pm on the evening before the project begins and you will depart with them the next morning as your expedition gets underway.

If you arrive **7 days or more** before project you need to send a copy of your passport, copy of flight itinerary and a photo of the stamp you receive from the immigration in Fiji to info@thinkpacific.com

If you arrive on the morning of the project, your Think Pacific leaders shall be waiting to meet you at the airport as you land.

We look forward to your arrival in Fiji!

Vinaka
