# Fijian Partnerships...

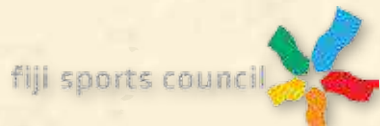

## Supporting the Fiji National Development Plan

The depth of our association with local communities, government departments, charities and local organisations within Fiji is unique. Think Pacific is an organisation built upon collaboration and long term partnerships, of which we are very proud. Our partnerships mean that we achieve community driven action plans in line with government aims. We listen to communities' needs to achieve projects that wouldn't be funded by any other means.

### Our Major Partners;

- ✓ Ministry of Health (Signed MOU)
- ✓ Ministry of Youth & Sports (Signed MOU)
- ✓ Fiji National Sports Commission (Signed MOU)
- ✓ Fiji National University (Signed MOU)
- ✓ National Employment Centre (Signed MOU)
- ✓ Ministry of Women, Children & Poverty Alleviation
- ✓ Youth Champs 4 Mental Health (Signed MOU)
- ✓ NSO's: Inclusive of Fiji Rugby Union, Athletics Fiji, NRL Fiji, Netball Fiji.

*Words cannot express how much we are thankful to Think Pacific volunteers.*

University of West England (Go Global)  
University of Westminster (Global Opportunities)  
University of York (Global Opportunities)  
York St. John University (Careers & Employability)

# Bespoke Partnerships

## Noteworthy Program Offerings...

What makes us unique is our knowledge and experience working alongside the Fijian Government, NGO's and local communities to design and deliver meaningful projects across a wide range of development aims. This means that through careful planning and partnerships, we can design bespoke projects around the learning outcomes of each institution.

### Cardiff University - Funding Per Student

We work in partnership with the Global Opportunities team at Cardiff University to support significant outward mobility target of 30%. In 2019, we guided 150+ students on 1-month projects during their summer break. Think Pacific delivers presentations on campus and handles all student applications to join the project, plus all pre-departure support. Cardiff University manage applications for student bursaries.

### Nottingham Trent University - Credit Bearing Project

We work in partnership with the volunteering department at Nottingham Trent to provide a credit bearing summer project for a team of 24 students. Think Pacific provides a presentation on campus plus online pre-departure support, the university manages all student applications internally.

### Leeds Trinity University - Work Experience Placement

We work in partnership with the international team and the placements team at Leeds Trinity University to provide work experience placements. Students can join any Think Pacific summer project during their 2nd year of study, which supports 100+ hours of work experience. Think Pacific presents on campus, managing all recruitment and pre-departure support. Students must discuss their application with their module tutor prior to confirming their place in a volunteer team.
