

Travel Essentials

Please ensure to visit your local health centre as soon as possible once your place is confirmed to have the essential vaccinations for Fiji, which are: **Hepatitis A and Typhoid**

Now that you have decided on your expedition to Fiji, travel insurance should be the first thing on your 'to do list'. For your own safety Think Pacific will not allow you to join our expedition without providing us with proof that you have personal travel insurance cover. We have listed below some recommended insurance policies.

Please note that in most cases any medical costs in Fiji, such as visiting a private hospital or receiving dental treatment must be paid for at the time of receiving treatment. These costs would then be claimed back from your insurance company afterwards. It is therefore advisable to have access to funds such as a credit or debit card in the unlikely event that you should require to receive any treatment and to cover any associated travel or accommodation costs. Think Pacific staff are on hand 24 hours a day to assist and support you in any case of illness but any costs associated with any illness or treatment in Fiji must be paid by you at the time in Fiji.

STA TRAVEL INSURANCE

You can book the STA Travel Insurance Policy at the time of organising your flights to Fiji. Please mention that you are joining a Think Pacific team to ensure you receive our recommended policy coverage:

Email thinkpacific@statravel.co.uk or call: 0871 468 0668

Particularly good option for volunteers who are not resident in the UK.
