1) If Delayed whilst travelling to Fiji please email and message Laisa and Harry to inform them of your delay and your expected time of arrival.

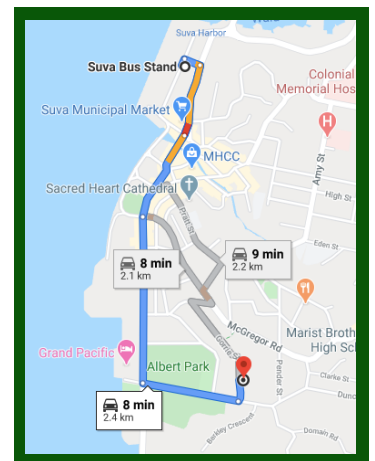

Keep us up to date as best you can so we can make any necessary arrangements

2) Once you have landed make your way to the Bus Stop situated at Nadi Airport. We strongly advise travelling with the coach services such as Pacific Transport, Sunbeam as oppose to the smaller mini vans (questionable driving deemed unsafe by TP). The trip should cost you around 20 FJD and will take around 4 hours with a stop along the way. Follow the link below for Nadi international Airport Bus Timetable - <https://www.fiji-airport.com/bus.php>

3) Once you have arrived into Suva, make your way to the South Sea's Hostel.

Although you have the option to stay anywhere in Suva, we recommend South Seas Hostel. Not only has it become a right of passage for any TP Leader, it is also very affordable and central; a 5 minute walk into hub of City. However, it is very basic and a far cry for a flash packers or luxury accommodation. Your orientation period will be for 3-4 days whilst you attend a training day and a pre-project briefing session with the management team.

Walk or taxi from the bus stand to South Sea's. Taxi will cost around \$3-5

South Seas Private Hostel
