Our Programmes

In-Country Projects and Placements

In May 2024 Think Pacific will launch new projects in Bali. Our vision is to replicate the huge success of our operations in Fiji and create a range of projects that enable international students to gain practical work experience and unique cultural insight in Bali, whilst supporting local aims and ambitions. This is an exciting and transformational period for our organisation. Our vision is to have a permanent staff team and office in Bali, facilitating global experiences for hundreds of international students annually.

Projects launching in Summer 2024:

- **Mental Health Project** in Bali, launching **May 2024**
- **Global Team Internship** in Bali, launching in **June 2024**

You can find out more about our projects in Bali on our [website here](#).

The Role

The role of the Mental Health Project Manager is a vital position within the Think Pacific team, as you will work to deliver and manage our Mental Health Placement in our launch year in Bali in Summer 2024 and beyond. You will be instrumental in the launch, delivery and operations of our first Mental Health Placement in Bali. Supported by the Regional Manager Indonesia and wider Management team, you will be responsible for building and maintaining strong professional relationships with our trusted partners, ensuring our activities meet local aims and objectives, developing the placement, and our understanding of mental health in Indonesia.

As the Mental Health Project Manager, you will line manage 2 Project Coordinators and support a team of 8 Project Leaders and teams of 40+ volunteers. You will work to create, train and develop a strong and experienced team to ensure a smooth delivery of the placement in the first year of operation.

This position is a unique opportunity to work for an award winning not-for-profit organisation. You will gain extensive management experience, knowledge, and skills in staff management, project management and delivery, as well as a broad understanding of the complexities and need for international development.
